WALL NOZZLE

DIAMETRO: Ø40mm
DIAMETER: Ø40mm

DIAMETRO: Ø28mm
DIAMETER: Ø28mm

Installazioni:
Adatto per piscine in cemento, prefabbricate o liner.

Applicazioni:
Le bocchette possono essere utilizzate sia per la filtrazione che per l'idromassaggio.

Materiali:
Panello: ABS **Base:** ABS **Bocchetta:** ABS

Installations:
Installation in concrete swimming pools or in prefabricated swimming pools or in paneled swimming pools with liner.

Applications:
The jet nozzle can use for swimming pools and hidromassage units.

Materials:
***Panel:** ABS **Base:** ABS **Nozzle:** ABS*

FLOOR NOZZLE

DIAMETRO: 5 x Ø19mm
DIAMETER: 5 x Ø19mm

Installazioni:
Adatto per piscine in cemento, prefabbricate o liner.

Applicazioni:
Le bocchette possono essere utilizzate sia per la filtrazione che per l'idromassaggio.

Materiali:
Panello: ABS **Base:** ABS

Installations:
Installation in concrete swimming pools or in prefabricated swimming pools or in paneled swimming pools with liner.

Applications:
The jet nozzle can use for swimming pools and hidromassage units.

Materials:
***Panel:** ABS **Base:** ABS*

SUCTION HOUSING

Installazioni:
Adatto per piscine in cemento, prefabbricate o liner.

Applicazioni:
Bocchetta di aspirazione per riciclo, filtrazione ed idromassaggio.

Materiali:
Panello: ABS **Base:** ABS

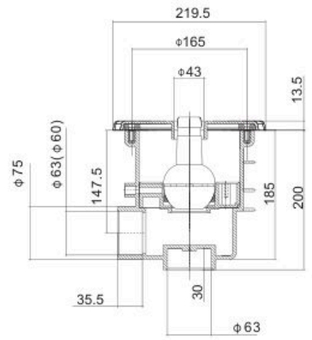

Installations:
Flows towards the external centrifugal pump to be provided by the user and from there under high pressure, back into the pool via the wall/floor nozzle.

Applications:
The jet nozzle can use for swimming pools and hidromassage units.

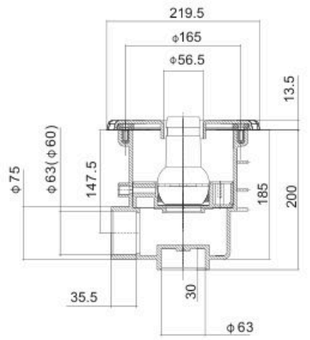

Materials:
***Panel:** ABS **Base:** ABS*
